

Your journey to highQ in Freiburg

highQ Computerlösungen GmbH
Schwimmbadstraße 26
79100 Freiburg

Data for the navigation system:

Schwimmbadstraße 26, 79100 Freiburg

The navigation system bypasses the Reiterstraße or indicates it as blocked because it is declared as a residential street - but this is the shortest route.

Parking facilities

Free parking spaces are available at the house. Please note that the parking spaces on the street are subject to charges.

Arrival by public transport from Freiburg main station:

At Freiburg main station, walk up the stairs to the tram bridge. This is on the right-hand side when you look towards the main station building.

On the bridge they change to the other side. From there take the tram line 3 direction Vauban

and get off at the stop **Reiterstraße** (about 15 minutes drive).

From there, walk back along the road for a short distance to the next cross-roads (Basler Str./ Schwimmbadstr.).

There you turn right into the Schwimmbadstraße and walk about 100 meters, then you will see our house on the left side.
